OCTOBER 2026

NSBE NEWS

Howdy! Welcome to the second edition of the 2026/2027 newletter. I wish you all a pleasant viewing experience and Thanksgiving in the weeks to come

YOU CAN FIND US ON INSTAGRAM AND TIKTOK @TAMU.NSBE! JOIN OUR DISCORD TOO!

FRC APPROACHES, AND SO DOES FALL!

Fall Regional Conference looms in the near future

Grad Week highighted graduate students

Workshops with various companies broaden horizons

Beds are built and lakes are seen with SHPE

FIG 1.1-1.3 GRADUATE STUDENTS PANEL

Congratulations! If you're reading this, you're at least halfway through the semester. As it gets colder, and as the seasons start to shift, we at TAMU NSBE have done our best to adapt to the climate, volunteering at the Hillier funeral home's pumpkin patch on the tenth of October(see Fig 1.4).

FIG 1.4 NSBE MEMBERS AT THE PUMPKIN PATCH

We also had our Grad Week(see Figs 1.1-1.3 and page two) held by our very own Grad Chair, which presented an opportunity for the undergraduate members of NSBE to learn about graduate programs and experiences. The Grad Panel (Fig 1.1-1.3) had volunteer grad students give information about their programs and answer questions, while Grads Go International(Figs 2.3, 2.4, 2.6, 2.7) exposed NSBE members to the different lived experiences of graduate (contd.)

GRADUATE STUDENTS' WEEK (contd.)

students from around the globe. We were joined by the Students of East Africa and Bangladesh Student Association, and a few lucky audience members walked away with $50 gift cards. Finally, the week was capped off with a graduate-only golf and pickleball social(Figs 2.1, 2.2 and 2.5).

COMPANY WORKSHOPS

Additionally, this month we were graciously visited by current employees of Patterson-UTI, MTTS, CDM Smith, LCRA, and Caterpillar, and got to learn firsthand about working in these companies and how to get there.

MISCALLENAEOUS

Other than those stand-out events, we had other events like NSBE Jr., and notably the SHPE x NSBE x ALPHA NFC workshop, where we came together to see how to program Near Field Communication cards with information that could be shared wirelessly through tapping the cards against a phone. We also had a Lake Day Social with SHPE and Colorstack on the 24th.

FUTURE EVENTS

This November, you can look forward to a myriad of events, including but not limited to

- **FEB WEEK**, first week of November, where all our events are coordinated by our talented and qualified Freshman Executive Board. **ETAM Panel** on the **3rd** at the usual meeting time. Ends with a **potluck** on **Friday the 6th**.
- On **Veteran's Day/November 11th**, there'll be a **Lunch and Learn** with **Abbvie** at **2pm** and a **workshop** with **Celanese** at **7:30pm**
- From November **12th** to **15th**, we wish those of us going for Region V's **Fall Regional Conference** a safe trip and success in their endeavours
- **NSBE Thrift** is finally coming to you on the **18th** and **19th** of November at **2pm**!
- On the **18th**, we have another **workshop** with **Celanese** and on the 19th, we have a **technical workshop**, both at **7:30pm**.

And as always, please check our **Instagram** and **Discord**(QR code below) for the specifics of each event.

MEMBER OF THE MONTH

Through his involvement and dedication, **Daniel Adegbenro** has been named the first NSBE Member of the Month for this academic year!
As a **third-year Electrical Engineering** student at Texas A&M University, Daniel consistently embodies the mission of the National Society of Black Engineers. Originally from **Frisco, Texas**, and an alumnus of **Centennial High School**, he has demonstrated outstanding academic commitment and a passion for engineering excellence. Whether collaborating on technical projects, supporting his peers, or contributing to the TAMU NSBE community, Daniel's hard work and leadership serve as an inspiration to everyone around him.

OPPORTUNITIES

More expansive information about these opportunities and more can be found in the **#opportunity-bank** channel of the TAMU NSBE **Discord**(see QR code above)

PERELLA WEINBERG
global independent investment banking firm looking for Summer Analysts!

QUALCOMM
Qualcomm is offering Summer 2027 internships across engineering, technology, product, and finance from May 17th to August 13th, 2027!
